

The Masonic Philatelist

VOL. 18

FEBRUARY 1962

NO. 6

Salute To The Nursing Profession

The stamp illustrated had first day sale December 28, 1961 at Washington, D.C. It was issued in commemoration of the 100th Anniversary of the Nursing Profession, and features a young woman, who has finished her probationary period, lighting the traditional candle—symbolizing her dedication to her chosen career. The striped blouse and background are in blue; the candle and flame, and the denomination "4¢" above her head are in red; her hair is black, and the frame and outline of the denomination are green. This colorful stamp, designed by Alfred Charles Parker, is printed by the Giori presses. Florence Nightingale (1820-1910) was the founder of modern nursing. See article within by John A. Mirt, "The Lady With The Lamp."

BY THE SIGN OF THE GAVEL

Here we are in the Dead of Winter. Our January meeting attendance proved this. It was miserable weather on meeting night, so that only the very faithful were there to see some very interesting material. My thanks go to those faithful brothers who came and displayed parts of their collections.

I want to thank the many members who sent me Christmas and New Year's cards, they made quite a display on our living room table.

February 22nd is to be the big event day in Washington. We expect to present George Washington Chapter No. 1 with a new charter, in form similar to the one given to Lake Erie Chapter

★ MEETINGS ★

First Friday of Each Month

Collectors Club Building

22 East 35th Street, N.Y.C.

6th Meeting — February 2, 1962

Exchange Night (Club Competition)

No. 2. Special tours and possibly a dinner are on the agenda. A delegation from New York will surely be there as about ten have already indicated intention of going.

We have received several suggestions on programs and articles which our Program Committee will try to include in future plans. We can use more, so if you have ideas just drop us a line.

—S. Duffield Swan,
2320 Linwood Avenue,
Fort Lee, New Jersey.

LAKE ERIE CHAPTER #2

The regular monthly meeting of Lake Erie Chapter #2 of the Masonic Stamp Club was held on the 20th of Dec. The regular Dutch Treat dinner was held in the Masonic Temple Dining Room before the meeting. About 12 members attended.

The meeting was opened at 8:00 o'clock by our President Richard D. Yaeger with 18 members and visitors in attendance.

After the opening formalities and committee reports were taken care of Bro. Wm. Dyer opened the program session by giving a 5 min. talk Masons on Stamps. Bro. Russell Haga then gave a very timely talk on Christmas Seals showing his collection. His collection is very artistically mounted and consists of many rare varieties. The statistics which he quoted in regard to the way in which the public has accepted the stamps was very gratifying.

The stamps which were collected for the Crippled Children's Hospitals have

all been forwarded. A one pound package was sent to each of the 17 hospitals on the list. Letters and cards of appreciation have been coming in.

Bro. Lou Brown and Bro. Edgar W. Behle 33 will entertain us at our Jan. meeting with stamps and information about Benjamin Franklin.

The program for the Feb. meeting was discussed and some planning was in the making. Mr. Gilbert Myers of North Kingsville who is a collector of the flags of the United States will be with us on this evening. He will talk on the history of the flags of the United States and will display about 80 different flags from his collection.

Just before the meeting closed a very spirited auction of philatelic material was presided over by Bro. James Lambert.—Harry A. Pahl, Corres. Secy.

OUR JANUARY MEETING

Despite the bad weather, our January 5th meeting was opened on schedule by President Swan, who thanked the faithful who had braved the elements in order to attend. We were glad to see new member Peter I. Lee present. Brother William J. Landgraf, Mayor of Island Park, another new member, had enjoyed the pre-meeting dinner get-together at Sacher's, but had to forego the meeting in view of another Masonic appointment.

Bro. Carl Pihl, Chapter Committee Chairman, reported on the forthcoming meeting on February 22, 1962 at Washington, D.C. of the George Washington Chapter No. 1. A new charter is to be presented by us, and a full day of sight-seeing and entertainment is being planned for members, their families and friends. A number of those present indicated their intention of attending. Dr. Swan will communicate with Bro. James Wong and announce detailed plans at our next meeting.

Bro. Phil Rosenbaum, who is also quite active in local numismatic circles, spoke regarding forthcoming coin exhibitions, including "Coin-A-Rama" which will be part of National Antiques Show at Madison Square Garden, New York City, from February 28 to March 1st, for which he offered to get a lounge for our Club free of charge; also exhibits at Paramus, New Jersey on April 4th and September 8th.

Due to illness, our Program Chairman Shelton Osterlund was unable to attend, so President Swan presented the program for the evening, "Old Timers' Night." First to be introduced was our longtime Secretary and Past President, Dr. Irwin Yarry, who pre-

sented a number of gems from his prize-winning Hong Kong collection. These included covers used on ship mail (stamps of Hong Kong were used through the years on foreign ships which cancelled the mail). He distinguished between cancellations on ships and paquebot cancellations; also showed earliest 1845 and various U.S. cancellations.

Bro. Peter Lee showed a cover bearing a 25 year old Masonic cachet.

Junior Past President Manny Reggel spoke about and exhibited a number of pages from his extensive British Empire collection, particularly Barbados, Seychelles, Bechuanaland and St. Lucia.

Brother Charles Sanna showed three old items from his large collection.

Brother Shoop read an obituary which had appeared recently in the newspapers for one Hiram A. Boaz, not a member of our Club, but it was the consensus of those present that he must have been a member of the Craft.

Brother Phil Rosenbaum displayed a number of interesting coins, including the George Washington quarter of 1932 (P, S, and D mints) which he described as the only commemorative quarter and said had been issued only in small quantities; also a freak Jefferson of 1961 and various other misprints; also an 1893 silver dollar from San Francisco Mint.

President Swan then concluded the program by displaying and discussing a number of real gems, such as the U.S. First Issues and other U.S. Classics; errors over the years; perforation freaks; chemical changelings and printing errors. A splendid showing, indeed!

How little it costs,
If we give it a thought,
To make happy some heart each day!
Just one kind word or a tender smile
As we go on our daily way.

Franklin D. Roosevelt (U.S. 930/33) personally raised three of his sons, Elliott, James and Franklin, Jr., in Architect Lodge #519, New York, N.Y.
—M. S. L.

Brother James K. Polk, 11th President of the United States (U.S. #816) assisted in laying with elaborate Masonic ceremonies the cornerstone of the Smithsonian Institution (U.S. 943) Washington, D.C. on May 1, 1847.
—M. S. L.

Be friendly with the folks you know.
If it weren't for them you'd be a total stranger.

'The Lady With The Lamp'

By John A. Mirt

Belgium No. B234

Australia No. 284

Masonic lodges as a rule are not named after a living person, excepting that occasionally a member of the royal family is so honored. A lodge honoring a woman is even a greater rarity.

I found an account of the founding of one named after a living woman in a magazine published more than a century ago. The source was the July 1858 issue of "American Review of Freemasonry." Quoting from a "London Paper," the magazine said:

"A most interesting ceremony took place in the Town Hall, Woolwich, Tuesday, when a new Lodge of Freemasons, No. 1,008, was consecrated under the title of Florence Nightingale—a fitting tribute from the members, who nearly all belonged to the royal artillery.

"The ceremony was performed by the new Deputy Grand Master, the Right Hon. Lord Panmure, assisted by Bro. White, Past Grand Secretary; Bro. J. D. Wilson, Grand Deacon; Bro. Bramfield, Assistant Grand Secretary; Bro. Harvey, Past Grand Deputy, and a number of others, about 150 of the brethren being present.

"At the conclusion of the ceremony, which was impressively performed, Captain C. Forbes, of the royal artillery, was installed into the chair as the first Master, and the Deputy Grand Master, addressing him said that although the order did not admit ladies to its ceremonies there was nothing to prevent their hailing from a lodge bearing the name of a lady who had left her home to perform a most Chris-

tian, a most disinterested, a most useful work; and thus carry into effect that truly Masonic virtue—charity.

"He felt that she had made a name that was not confined to a kingdom, but which was as widely spread through the world as was the ancient craft of Freemasonry."

These were prophetic words, indeed. Florence Nightingale went on to gain international fame for her unselfish administration to the wounded on the battlefields and for her revolutionizing of nursing service in hospitals as well as in the army.

Miss Nightingale was named after the City of Florence in Italy, where she was born in 1820. Her English parents were widely traveled and she was raised under cultural conditions, but service to mankind interested her more than social activities. She went through a course of training at the Protestant Deaconesses' Institute at Kaiserswerth in Germany, and made a thorough study of hospital methods in England, France, Italy, Constantinople and Alexandria.

When the reports of the suffering of the troops in the Crimea reached England, she sailed in October 1854, to Scutari, with a contingent of 38 volunteer nurses in order to administer to wounded British soldiers. When she arrived, she found conditions in the military hospitals deplorable. About 42 per cent of the wounded were dying because of inadequate care and filthy conditions.

The nurses went to work to clean up

the hospitals while at the same time they provided much needed nursing care. In four months, the death rate was reduced to 2 per cent.

Miss Nightingale carried a lamp on her nightly rounds of the stables which had been converted into hospitals. These visits were eagerly awaited by the wounded, and won for her the title of "The Lady with the Lamp." The lamp became a symbol of hope to the injured. Australia issued a stamp in 1955 (No. 284) to commemorate the centenary of her work in the Crimea and the founding of modern nursing. Florence Nightingale is pictured in the background and a modern nurse in the foreground.

Her experience in the Crimea demonstrated the need for nurse training facilities. After her return to England, she determined to do something about it. She started a campaign for the construction of a nurses' training school. The feeling of the nation found expression in a gift of £50,000 for this purpose. Her efforts bore fruit. In 1860, she organized a school at St. Thomas Hospital, London, the first such institution in the world. This was the beginning of modern nursing.

She persisted in pointing out the need for sanitary science in military medicine. Her theories of sepsis became the basis of a reorganization of medical practice in the British and Indian armies. She became general adviser on nursing organization and sanitary reforms throughout the civilized world. She wrote: "Notes on Hospitals" (1859) and "Notes on Nursing" (1860).

Florence Nightingale died in 1910 at the age of 90, leaving behind a record of service to the human race which time cannot erase. Among the monuments to the memory of "The Lady with the Lamp" is Florence Nightingale Lodge, now No. 706, of London, England.

Although evidence is lacking, it is conceivable that she was the daughter of a Mason and that he inculcated in her the spirit of service to mankind. In any event, her work was the inspiration which led to the founding of the International Red Cross by Jean Henri Dunant, Swiss Mason, and the organization of the American Red Cross by Clara Barton, daughter of an American Mason and ardent member of the Order of the Eastern Star.

An account of these two humanitarian projects will be presented in the next issue.

—Adapted from "The Freemason," Toronto, Canada.

AMONG OUR MEMBERS

Bro. RICHARD M. NEEDHAM sends along a copy of The Temple Times, from which we learn that among his activities, he is Managing Editor and Publisher of that paper, and is Eminent Commander of Lancaster (Ohio) Commandery #2, K.T. He is also Secretary of Temple Twirlers S/D Club. This club does not consist of twisters, but of square dancers, who delight in participating regularly in this pastime. Their motto is "Dance your cares away—Square dance!"

The Bureau Issues Association honored Bro. SOL GLASS of Baltimore, Maryland, its President for the past 12 years, by presenting him with an oil painting of himself at the American Philatelic Congress banquet on November 4, 1961 in Philadelphia.

At the SEPAD Exhibition held in Philadelphia at the same time and place, the Grand Award in the entire exhibition and the A.P.S. and S.P.A. Research Awards were won by Bro. L. W. CHRISTENSON of Cleveland, Ohio, for his exhibit of first issues of Japan. He is not only a member of our Club, but also of the George Washington and Lake Erie Chapters.

Bro. FRANK W. BAKER, of West Chester, Pa., apologizes for being late in payment of dues, explaining that he has been hospitalized on a number of occasions during the past year. We wish a speedy and complete recovery for you, Frank.

Bro. HAROLD DRAPER of Eugene, Oregon, writes: "... I am also thankful for the excuses you have suggested for my not having sent in my dues—fishing, swimming, loafing, etc. Yes, I'm guilty of all of them, so without any more ado, I enclose my check."

Bro. BYRON C. JOHNSON of Salt Lake City, Utah, writes to Joe Munk: "Actually believed that I was paid up for the year. Had never planned on being a 'Freeloader,' so here is a P. O. Money Order for fifteen dollars. This will pay for five years and should relieve you of a little book work." Needless to state, Joe is overjoyed.

Bro. H. G. WILLIAMS of 43 Queen St., Korumburra, Victoria, Australia, writes: "Very pleased to receive The Masonic Philatelist. Is a new roster of members in the programme in the near future. I for one would be happy to pay a little extra to get a list of members and their current addresses. I have written to our new member in Holland. I enjoy writing and receiving letters from the Brethren and exchange in a modest way; also an exchange

of publications is I believe a good way to obtain that understanding of the conditions and problems of our fellow man. I am sure that an understanding, even if you do not agree, is a step in the direction of that "Peace on Earth and Goodwill to all Men." In this direction our society is doing a great service by bringing us together through a common interest."

In somewhat similar vein, another letter from "Down Under," from Bro. E. A. MINING, 6 Westbourne Street, Bexley, N.S.W., Australia, as follows: "Well, here we are again, another Christmas has rolled by, and we are all another year older. I have just received the October issue of The Masonic Philatelist, which I am always happy to receive, and I read it from cover to cover.

"On behalf of the President, Officers and Members of the N.S.W. Masonic Philatelic Association, may I extend to you (Joe Munk), and the President, Vice-President, and all the Officers, Members the sincere Best Wishes for Christmas, and better collecting for the New Year.

"The membership here in N.S.W. is gradually growing, with genuine philatelists, who are anxious to make contact with some of the members of The Masonic Stamp Club of N.Y. I, myself, have been welcomed by a few of the members, which I appreciate very much. Would it be in order for me to write to some of the members listed in the Roster? (Ed. Note—It is quite proper to correspond with any member listed in the Roster, as well as new members whose names are published currently in the M.P.)

"Would you please pass on to Bro. Reggel my best wishes and hope that he keeps up the good work. As Bro. Reggel is the immediate Past President of the Club, shouldn't his name be included in the list of Office-Bearers? I would like to see, in the list of Office-Bearers the name of the Immediate Past President. Here in Australia, the Past President or Past Master is so listed.

"I do appreciate the column dealing with Lake Erie Chapter No. 2, the Report of their meetings, and the list of Members.

"Our President, Bro. A. E. Mills, is a very ardent collector of U.S., and reads every word in the M.P., when I pass the issue on to him. All the best from Aussie."

Bro. BYRLE C. MOGK, Western Springs, Illinois, says: "I hope some day in the near future to be able to

visit New York and attend one of your meetings and take the Degree of Master of Philately. I retired last June, and having been an employee of United Air Lines, I received a pass which will allow me to travel on that line with restrictions, so I am kind of looking forward for that time. I have been employed for 50 years.

"I am a member of Western Springs Lodge No. 1136; and am Organist of this Lodge, as well as Kosmos No. 986 (Chicago). Hope to pick up one or two more lodges to keep active. My stamp collection consists of U.S. Commemoratives, both mint and used, and have a complete set from Scott No. 537 Comm. to date; also First Day Covers. Another hobby is Christmas Seals, of which I have every seal from 1907, the first seal.

"I am also interested in photography and have several other projects in mind. If I can live up to my secret ambition, and that is to live until I am 90 years old, I guess that is all I can ask for."

Bro. LAWRENCE E. BROOKS, SR., Grantville, Kansas, wrote some time back: "I assure you that I look forward each month to the current issue of The Masonic Philatelist. I am becoming more and more interested in "Masons on Stamps." I was stricken with a heart attack last year and spent the month of September in the Santa Fe Hospital. Since my discharge from the hospital I have been home and all my activities were sharply curtailed and some forbidden altogether. I now expect retirement on account of disability.

"It is so nice to have a hobby such as stamp collecting to fall back on, and since it requires very little physical action, I have been able to do things that I wanted to do but didn't have the time, now time is the thing I do have."

Thoughts on brevity:

The Lord's Prayer—56 words.

Lincoln's Gettysburg Address

—266 words.

The Ten Commandments—297 words

The Declaration of Independence

—300 words.

Silence and reserve suggest latent power. What some men think has more effect than what other say. — Lord Chesterfield.

The Spirit of Friendship lives forever. It is more precious than the finest jewels.

STRASBOURG CATHEDRAL (France #391)

By Marshall S. Loke

Our ancient brethren, the operative masons, were the skilled engineers, architects and artisans who conceived and executed the beautiful Gothic structures of Europe. These medieval craftsmen were the precursors of the modern Freemasons.

Erwin von Steinbach, a distinguished German architect, was the head of the German fraternity of stone masons. He was born near Strasbourg in Alsace about 1240. He designed churches and monasteries in Alsace and directed the work on the fortifications of Strasbourg.

The work by which Erwin von Steinbach is best remembered is the great cathedral at Strasbourg, pictured on a 1939 stamp of France, Scott No. 391.

Built in Gothic style of red sandstone, it is noted for its 464 ft. spire, one of the tallest in Europe. The cathedral was founded in 510 and the principal tower, completed in the seventh century partly of wood, had been destroyed by lightning and the resultant fires. Construction of the nave began in 1017 was completed in 1275.

It was in 1275 when Erwin was requested to furnish designs for the decoration of the church and for the construction of two new towers and a arcade on the site of the ruins of the old tower. He was appointed Master of the Works, and the ceremony of laying the foundation stone took place on May 25, 1277.

Erwin planned the elaborate west front and the towers. The magnificent rose window fifty feet in diameter was also designed by him. His daughter, Sabina, assisted him in the decoration of the interior of the church. He car-

ried on the work until his death on January 17, 1318, when he was succeeded by his son, Erwin, who continued the work. The remains of this family of architects are interred within the cathedral they had constructed.

There is a quaint old legend of Strasbourg Cathedral which has come down to us from ancient times and, although published many times, it is of sufficient interest to be here quoted again.

The story runs that once in every twelvemonth on the eve of the Feast of St. John, when the hour of midnight clangs from the bell in the old cathedral tower, the spirits of the stonemasons by whose hands the sacred pile was erected arise from the tomb and once more visit the scene of their former labors.

Up from the dark and gloomy crypt, along the columned aisles and vast dim nave, across the marble floor, comes the long train of night-wandering shadows. Clad in their old medieval costumes, the Masters with their compasses and rules, the Craftsmen with their plumbs, squares and levels, the Apprentice lads with their heavy gavel, all silently greet their companions with the time-honored salute and token, as of yore.

While the last note of the deep-mouthed bell is still reverberating from arch to arch, forth from the western portal streams the shadowy throng. Thrice around the sacred edifice winds the train. Old Erwin himself leading the way, while far up above floats a white-robed female form, Sabina, Old Erwin's well-beloved child, whose fair hands aided him in his work. In her right hand a mallet, in her left a chisel, she floats among the sculptured lace-work of the noble spires like the Genius of Masonry.

With the faint blush of dawn the vision fades, the phantom shapes dissolve and the old masons return to their sepulchres, there to rest until the next St. John's eve shall again summon them.

King Frederick VIII (Denmark 72, 78), while Grand Master of the Grand Lodge of Denmark, initiated his three sons: Christian (X of Denmark), Haakon (VII of Norway), and Prince Harald.

—M. S. L.

You will never "find" time for anything. If you want time, you must take it.—Charles Buxton.

The best way to make your dreams come true is to wake up—J. M. Power.
